

THE BEST GIFT

FOR YOUR FAMILIES

their words, not ours...

"The Woven Remembrance throw is a comfort to many grieving, hurting people.

Every time Trey goes to visit his great-grandmother, he goes to his grandmother's room, gets the blanket out and sits and has a conversation with his great-grandfather. He was doing this one day while visiting and his Aunt took a picture and sent it to me.

I wanted share this pic with your company and show how these blankets are impacting families lives. I am honored to offer this to my families, and I get great feedback from the public.

I was the first to start offering blankets in my area and am honored to be a partner with Woven Remembrance."

As completely unique as the life it represents...

life throw™

1. We start with the photo(s) you collect from your families.

(Photo uploaded)

2. Take key information and milestones from the individual's life highlighted in the obituary along with precious memories the family shares during the arrangement meeting.

Mark Anthony Trevizo, 20, of Hart, Texas passed away on Friday, September 9, 2016. Mark graduated from Hart High School and continued his education and received his EMT license. He worked as a Volunteer Firefighter in Hart, an EMT in Castro County and as a welder for Montemayor Welding. He enjoyed playing the guitar, singing, dancing, making moonshine and cruising town with his son. He was actively involved in playing his guitar for St. John Catholic Church. Mark is survived by his spouse, Alexandra.

3. We find images that are pictorial representations of those memories.

4. Our talented artists combine all of these elements to create an incredible, one-of-a-kind heirloom gift that your families will treasure for years to come.

We understand that our partners are busy people who handle a million details when arranging a funeral and don't need to add "graphic designer" to their long list of duties. That's why we do ALL of the design work for you.

majestic throw

This throw is the perfect selection for the family who provided you with a photo that would limit our ability to create the best finished product.

By incorporating these photos with any text that you specify into our pre-designed, themed backgrounds you can still give your families a beautiful keepsake that celebrates their loved one's life.

In some instances a family may not have a photo readily available. In that case, we can also design a tribute that features a beautiful scenery, or a favorite poem, bible verse or quote.

patriotic throw

We honor our military, civil servants and fallen heroes at Woven Remembrance with *great pride*. You may either choose one of our pre-designed backgrounds or upload the obituary and we will create a one-of-a-kind tribute that honors their service to our great nation.
